RE: Case 1:20-cv-01371-PAE-BCM

Dear Judge Engelmayer,

I am writing this letter this Friday afternoon to formally respond to the first time to the legal threats posed by US Attorney's Office in the matter of lawsuit against the US Government. I want to first thank you for taking the time to read. This is not a position that I personally wanted to find myself in, but after fruitless pleading with the US Postal Service adjuster in their National Tort Claim center, and after my previous personal injury attorney ("Thomas W. Hochberg, Esq."); had engaged in legal malpractice; of which there is still an active and pending complaint and investigation by the New York State Attorney Grievance Committee, of which I had been awaiting their results of; and which supporting documentation is attached to this letter for your review.

Secondly, I had not received my mail from the US Attorney's Office; as I had fallen into a personal crisis, as the US Postal Service accident; of which there is supporting at-fault letter establishing this from the New York Police Department; has left me destitute and struggling with medical issues.

Lastly,

The Government has been aware and has known my direct email from the beginning of this process, of which the adjuster at the Post Office; had previously been in communications with me. If the US Attorney's Office strategy of purposely keeping in the dark as a basis for gaining a legal advantage is they conduct themselves before you your Honor, I wish the record to reflect this.

In Conclusion,

I am formally requesting that you grant me adequate time to further study the Government's legal papers and to also allow me to obtain an attorney to represent me in this legal controversy ; as I am only a local artist and not someone trained in the federal Tort Claims Act.

Thank you!
